FOR IMMEDIATE RELEASE

Introducing 4MySay

We would like to introduce the world's first Smart polling app to you. Launching today, the platform was developed in Perth Western Australia, using the best computer scientists and Blockchain experts from around the world.

It is a free, community-based App having many purposes.

- It will give everyone a voice, irrespective of race, religion, gender, colour, disability, and status in our community.
- It builds a bridge between our community and the decision makers.
- Enables decision makers to consider the collective voices of the community.
- Assists individuals in understanding how their opinion compares with others.
- Enables the silent majority.
- It will shine a spotlight on corruption.
- Questions can be targeted to specific communities ranging from Global, National, State, Local Councils or an individual postcode.
- And much more.

Security and privacy of 4MySay users is paramount. Votes are not connected to the voter and collective votes cannot be manipulated. The measures taken by the company to achieve this are,

- No Names are required at registration.
- All demographics requested at registration are general and non-specific.
- All votes are collected in Blockchain, ensuring no one can manipulate votes.
- Blockchain has no identifiers.
- Company Personnel and developers of the system cannot identify an individual or how they voted.

People in our community will receive questions on their phones at 8.30 am weekdays, irrespective of time difference. They will feel engaged with the App as they will be able to;

- see real time results as soon as they vote.
- see real time results at as many times they wish during the day.
- see Final results from 12am onwards.
- See media reporting on the polls they participated in.

4MySay keeps our community informed – always - and provides real time results when the question closes at 12am on weekdays to;

- The media, by auto emailing the results of each poll, and
- The Stakeholders, by auto emailing the results of each poll

The CEO and Founder Laurence Pace said, "I hope all Australians feel proud to be part of this patent pending polling App, ultimately delivering a pure and transparent democracy to our planet. We do not even represent 1% of the world's population, yet, once again we show the world that Australia is a true leader and innovator. A Promise that I and my company make to every person is, we will make sure your opinions are shouted from every rooftop in Australia, every day. We will collectively feel gratification by seeing that we have enabled positive change in our communities, not only for ourselves, but for our children and every generation that follows. The best part is, it takes people less than a minute a day to answer questions, and it is free!"

Should you require more information, or have any queries, please email admin@4mysay.online in the first instance or visit WWW.4MySay.online. The App is available for immediate download on your phone through Google Play or the App Store.
